

RUIN AND DAMAGE ALONG THE OHIO

Losses to Property of All Kinds Will Reach Millions.

FACTORIES SHUT DOWN

The Damage to Cities and Railroads Will Reach an Enormous Sum.

RIVER FALLING AT PITTSBURG

Cincinnati, April 22.—The Ohio river at eleven today stood forty-nine feet, or a rise of three inches an hour since yesterday's report. The water has reached the first floor of the buildings on the water front occupied by manufacturers. The danger line is fifty feet. Reports from up-river show similar conditions.

Receding at Pittsburgh. Pittsburgh, April 22.—At Pittsburgh at eleven o'clock the river gauge showed a recession in the flood of two feet and wherever possible work is under way to place manufacturing plants in order to start again. Fifteen thousand men are idle in the meantime.

Ohio on the Rampage. Cincinnati, O., April 22.—The Ohio river is still on a rampage. All along the river valley east of this city people have spent this morning getting their effects to places of safety. They fear the highest water since 1884.

The damage to property will reach into the millions. The fruit crop is destroyed and the damage to other crops is enormous. Early this morning, however, the good news came from Pittsburgh that the river was falling at that point, which means that the floods here will not exceed those of February, 1897, and March, 1898, when the river reached a depth of sixty-one feet in Cincinnati.

River Falling at Pittsburgh. The news that the river is falling at Pittsburgh reached the smaller towns in the valley this morning. Telegraph communication is still sadly interrupted. Both rain and snow fell all day yesterday throughout the valley.

The danger point has been reached at nearly all the towns along the river east of Cincinnati. At midnight the depth here was forty-seven feet, the danger line being at fifty. The danger point was reached here by noon today.

Portsmouth in Dire Straits. At Point Pleasant the stage is eight feet above the danger line today with the river rising rapidly and a heavy rain.

The mayor of Portsmouth, O., telegraphed that the danger line had been reached there and that a heavy snow was falling last night. The Scioto river is running out heavily.

At Marietta the river is at flood height and rising two inches per hour an increase since since 4 p. m. Conservative river men predict a second rise by tomorrow. The business portion of the city is flooded.

The merchants and manufacturers in the lower part of this city have been working all day and all night preparing for the worst.

SCOTTISH RITE OF THE MASONIC ORDER

Masons from All Over the Country Will Be in Session in Chicago This Week.

Chicago, April 22.—Chicago will be given over to the entertainment of members of the Ancient Accepted Scottish Rite of the Masonic order of this week. The forty-sixth annual reunion of the Oriental Consistory was opened today in the Masonic Temple and will continue for four days. An extensive program of exercises has been prepared and Masons from every state in the union are expected to be in attendance.

The most interesting feature of the meeting will be the celebration of the one hundredth anniversary of the founding of the Scottish Rite in the United States, and it is this which will attract the attention of so many prominent Masons to Chicago.

THE STATE BASEBALL LEAGUE

Season Will Open May 10 with Eight Clubs in the Race.

Appleton, Wis., April 22.—The Wisconsin State League of Baseball clubs was organized here Saturday. Tom Farley of Appleton was elected president and secretary and Ike Christensen of Milwaukee treasurer. The following cities will be represented with their clubs in the league: Appleton, Kaukauna, Marshfield, Stevens Point, Wausau, Oshkosh and Milwaukee, with two clubs to be known as the Cream City and Daily News, each under separate management.

RAID IN CHINESE QUARTER. Officers Make an Effort to Break Up Female Slave Traffic.

San Francisco, Cal., April 22.—The Chinese quarter of this city is much perturbed at an effort by the federal authorities to suppress the traffic in female Chinese slaves. United States Marshal Shine, with a squad of assistants, made a descent on the Chinese quarter and arrested thirty-four women. Sixteen who produced certificates were released. The remaining eighteen are held in custody. The raid was the result of an order from the Attorney General at Washington to the District Attorney directing him to do all in his power to suppress the slave traffic. The prisoners will be taken before the federal courts to determine whether they have a legal right to remain in this country and if they are held in bondage as the chattels of masters. The power of the authorities will stop at this point, but the officials are confident that the deportation of a number of women will destroy the traffic.

VESUVIUS AGAIN BECOMES ACTIVE

Eruption Spreads Terror in the Surrounding Country.—Inhabitants Flee for Safety.

Paris, April 22.—Mount Vesuvius is again in a state of eruption. Latest dispatches say that there is much apprehension in the district and that the inhabitants in the valleys immediately surrounding the volcano are moving their families to places of safety in great haste.

Many people, scientists, students and the curious, including American tourists, are leaving Paris by every train for Naples. The first signs of disturbance were witnessed a week ago, when for three days columns of smoke, issuing rapidly from the crater in great volume, towered high above the volcano.

Then came occasional rains of hot cinders, sometimes sprinkling the country for several miles around. Now lava is beginning to run. The fire at the crater is very intense at night and illuminates the surrounding region beautifully. Only two slight tremors of earthquake have been felt so far.

This is the first activity shown by the volcano since September, 1898, when a severe earthquake was felt. The spectacle was of great grandeur, but little damage was done.

PAPER MILL FIRE AT SPARTA, WIS.

Sparta, Wis., April 22.—This city was visited by a \$75,000 fire in which the paper mills of O. R. Newton and Sons were totally destroyed.

TRACK MEET AT BELOIT SATURDAY

All the Events Were Closely Contested.—Wisconsin Won by Score of 48 to Beloit's 36.

Beloit, Wis., April 22.—The track meet between Beloit college and Wisconsin university took place Saturday afternoon. Almost all of the events were closely contested. The final score being: Wisconsin 48, Beloit 36. Wisconsin took seven first and six second places, while Beloit took five first and five second places.

For Beloit Merrill won first place in the 100-yard dash, shot put and 220-yard dash, and second place in the 440 yard dash, a total of seventeen points. Beaton took first place in the 40 yard dash and second place in the 100-yard and 220-yard dashes. Porter took first place in 220-hurdles and second in 120-yard hurdles. Lortzen was a close second in the mile run.

In the running broad jump A. K. Wheeler of Janesville won first prize.

SIX PERSONS ARE KILLED OR BURNED

An Explosion of Gas in the Commercial Hotel at St. Mary's, West Va., Creates Havoc.

St. Mary's, W. Va., By an explosion of gas in the Commercial hotel last night six persons were killed or burned. The dead are: Sam Cunningham, John George, Harry Robinson, Bert Smiley, John Slatter and an unknown man. The entire building was a mass of flames when discovered. The ruins are being searched for more bodies.

The Moulin Rouge Burlesque company which was booked to appear at the Myers Grand on Saturday evening failed to show up much to the disappointment of Manager Myers and a crowd of patrons that had assembled to see the performance. The manager of the troupe did not even take the trouble to notify Mr. Myers that he would not be here. Mr. Myers will attend to his part of the performance later.

CASTRO ATTACKS MINISTER LOOMIS

President of Venezuela Believes That the American Is Corrupt.

BUT HE HAS NO PROOF

Says if the the United States Sends Gunboats He Will Maintain His Position

HE WILL NOT STAND LOOMIS

Cincinnati, O., April 22.—Today's Inquirer prints a special cable from its staff correspondent at Caracas, Venezuela in which President Castro is credited with a biting criticism of United States Minister Loomis. After assuring American people of his respect and friendship, Castro says: "We have no proof that Loomis has accepted favors from the Bermudez company, but his actions lead us to believe that he has. We have proof that he has influenced statements to the press. Many of Loomis' officials acts and also many private interviews have convinced me he was prejudiced and I therefore asked for his recall. I have every desire to retain and cultivate the friendship of the United States but my dignity will not allow me to recognize a man like Loomis."

The Bermudez company, Castro said, has formally been denied jurisdiction in the Venezuelan courts and as president he could recognize no other authority. If the United States sent gunboats he would do his best to maintain his position as chief magistrate.

RESIDENCES ON THE LIBRARY SITE

Disposal of Them and Other Preliminaries Must Await the Issue of Bonds by the Council.

Library interest now centers around the disposal of the buildings to be made of the residences which are on the site purchased and the adoption of plans by the library board.

It is understood that no definite action on the disposal of the houses can be legally taken for about four weeks. An ordinance must be passed by the common council providing for the bond issue and as the law requires it to be read at the meeting prior to its enactment, action must necessarily be deferred until the second meeting of the council. No action of the library board can be endorsed and legalized by the council until the issue of bonds is provided for.

In the meantime however the library best advantage will be perfected to dispose of the houses to the very best advantage will be perfected so as to be ready for the council's approval. Now that the location of the building is decided upon the work of preparing plans for it will be pushed speedily. Members of the library board hope to see actual work on the building commenced very early in the summer.

Mr. and Mrs. William Bladon will sail from New York on Wednesday, May 1, for England and will spend three months in the British Isles. A greater part of the time will be spent visiting relatives in England. Mr. and Mrs. Bladon will leave the city next Sunday.

SEWS UP WOUND IN A MAN'S HEART

Remarkable Surgical Operation Performed in a St. Louis City Hospital.

St. Louis, April 22.—With a stab wound and three stitches in his heart Philip Gunn is at the city hospital, and from present indications seems likely to recover. He was operated on last night by Dr. H. L. Neitert who is probably the first person in the world who sewed together a wound in the heart of a living person. Three sutures closed the opening, which was about one-half of an inch long, and which penetrated into the heart cavity. While his heart was exposed to the air Gunn emerged from the anesthetic, manifested consciousness and talked to the surgeon and his attendants. During the hour and a half required for the operation hypodermic injections of salt solutions were kept up to counteract the loss of blood.

Fred W. Corson and wife of Lockport, New York spent Sunday with Dr. E. E. Loomis and wife. Mrs. Corson is a niece of Dr. Loomis. Mr. Corson owns the Union-Sun of Lockport and also conducts a large job printing establishment at that place.

SUICIDE OF TWO BANK OFFICERS

President Brown and Cashier Canby of Vancouver Found Dead.

ABOUT \$81,000 SHORT

Used the Same Revolver with Which to End Their Lives,

MONEY WAS POORLY INVESTED

Vancouver, Wash., April 22.—Remorse caused by years of stealing which has made penniless hundreds of their friends and other residents of the town who trusted them, Charles Brown, president, and E. L. Canby, cashier, of the First National Bank, which was closed yesterday, killed themselves sometime last night.

They met death as they had incurred disgrace, together. Their bodies were found this morning, one lying on the other, in a clump of bushes in Fruit Valley, on the outskirts of the town, from which they had fled on being confronted with the evidence of their guilt.

Use But One Weapon. Only one weapon was used. Canby put the muzzle of the revolver to his mouth and blew off the top of his head. Brown then took the piece and killed himself in exactly the same way, falling over Canby's body.

Beside Brown's body there was a package containing \$25 and a note saying that the money belonged to his daughter. Upon Canby's body the following note was found to his wife: "I feel I am about to do this for the best. Forgive me if you can and try to live for our dear children. God bless you all. Good bye, NED."

The crowd of depositors which had been searching for the bankers, bent on punishing them summarily or bringing them in to face a criminal charge, brought the bodies to Vancouver and turned them over to their families—Mrs. Brown and her three children and Mrs. Canby and her five little ones. Tomorrow a double funeral will be held.

Due to Speculation. The wrecking of the First National is supposed to have been brought by speculation on the part of Brown and Canby. The exact amount of their shortage is not known, but Examiner Mitchell, who is in charge of the institution, is authority for the statement that it is at least \$81,000. At the time of the last report the deposits amounted to \$230,000. The two officers of the bank had borrowed heavily of its funds, either individually or through companies in which they were interested.

The institution was established in 1883 and was profitable for many years, paying big dividends to stockholders. Canby had been cashier since its organization. Louis Sohns was its first president, being succeeded by Brown in 1890.

ENDEAVOR CONVENTION

Southern Wisconsin District at Beloit Closed a Successful Meeting Last Night.

The Southern Wisconsin district Y. P. S. C. E. convention closed a very successful session at Beloit last evening with a union meeting held at the First Congregational church and addressed by Prof. George L. Robinson of McCormick seminary, Chicago.

The convention was very largely attended by Janesville young people who are delighted with the convention and with the cordial manner in which they were entertained. Most of the local young people made the trip by train, but quite a number drove to Beloit yesterday for the Sunday services.

Miss Nettie Harrington led the Woman's meeting which was held in the afternoon and the Men's meeting was conducted by A. E. Matheson. After these meetings the delegates accepted an invitation to attend service at the college chapel and probably no service of the convention was more enjoyed than the pretty religious ceremony which is a part of the life of Beloit college.

HONORS TO OFFICERS.

London, April 22.—Honors are scattered broadcast to the British officers who have taken part in the Boer campaign. The list of honors and promotions among the higher ranks fill fourteen pages of the Official Gazette. Gen. Kitchener heads the list of new lieutenant-generals, his commission dating back to Dec. 23, 1899, when he sailed for South Africa. The other lieutenant-generals are Kelly-Kenny, Hunter and Lyttleton. The honors come first in the list.

FORGETS NUMBER OF WIVES.

Bigamist Arrested in New York Cannot Keep Track of Mates. New York, April 22.—Leo Fraulquini of this city, wanted in Chicago on a charge of bigamy, was held in \$1,000 bail in the Center Street Court today, until the arrival of extradition papers from the Western city. When arraigned in court Burke asked Fraulquini if he had more than three wives. The latter replied: "I have no idea of the number. Can't even keep track of them." According to telegrams received from the Chicago police he has a list that is startling.

Mine Fatality in Russia. St. Petersburg, April 22.—Many miners have perished in a mine near Bendzin. Twenty-one corpses have been recovered. Fifteen are unaccounted for.

Oscar Jensen, Thomas Whittet and S. D. Green of Edgerton, with their young lady friends, took supper at the Myers last evening.

NEW GAME LAWS FOR BADGER STATE

Members of the Legislature Propose Many Changes in the Old Game and Fish Code.

Local Nimrods are interested in the recent decision of the legislative committee on fish and game of the Wisconsin assembly to introduce several changes in the present laws.

The deer season has been changed from the first twenty days to the last twenty days of November. In four counties deer hunting is absolutely prohibited at all times, and in five others confined to the last ten days in November. Transportation of deer is to be confined to the period between November 15 and December 5.

No person is to be allowed to transport more than fifty snipe, or aquatic fowl, or twenty-five woodcock, partridge pheasant, prairie chicken or plover during one day.

One package of not more than twenty pounds of fish, or, instead, two fish of any weight, may be shipped within or without the state without being accompanied by the shipper. Men shipping fish are restricted to one consignment a week. Deer killed during the open season must have attached to them certain sections of the coupons attached to the hunter's license, and deer found without such coupons may be seized and confiscated by the game wardens.

On Lake Koshkonong long famed for its duck hunting, no float, paddle, scull or sneak boat may be used in the pursuit of any aquatic fowl beyond the point where, by law, the gunner may set his decoys. Aquatic fowl may be hunted on open waters between sunrise and sunset with paddle or rowboat.

TWO TOWNS ARE IN ARMS.

Faith Curists Refuse to Take Precaution Against Disease.

New York, April 22.—Because she did not believe in medicine, Mrs. Leroy J. Ellis, wife of the eastern agent of the N. & W. R. R., refused to have a physician see her sick children. Now one is dead of diphtheria and the others are wavering between life and death, and the other mothers of the town are trembling with fear, for Mrs. Ellis, in the certainty of her belief, took her infected child into the streets and permitted him to mingle with his playmates.

Because she believes in cure by faith Mrs. John C. St. John, wife of a prominent Baptist clergyman, refuses to see a physician, though she is terribly ill with smallpox at her father's home in Southington, Conn. Two communities have by the unquestioning faith of these two women been plunged into a panic by the prospect of a pestilence.

At Fanwood, N. J., Mrs. Ellis looked calm-eyed into the face of the doctor who told her that her son, eight years old, was seriously ill with diphtheria, and answered: "There is no such thing as diphtheria."

"The child is dying," said the doctor at the bedside of the little boy's sister.

"What nonsense," said the Christian Science nurse, "there is no death." The little girl died. Now armed men guard the house enforcing a quarantine.

The other case is that of Mrs. St. John, wife of the Rev. J. C. St. John, until Monday pastor of the Baptist Church of the Redeemer. She lies terribly ill of smallpox, blissfully confident that her father will save her—not even afraid of disfigurement, and steadfast in her refusal to submit to the ministrations of a physician. She traveled Thursday from New York to Southington in a Pullman car crowded with passengers, was met and welcomed at the depot, was embraced and kissed by a score or more of women friends, and she had been ill four days with the dread plague.

The two women are cultured and refined. They feel no horror at having jeopardized the health of their communities because their faith is perfect.

ALLIES ADVANCE UPON THE CHINESE

French and German Troops Are on the Way to Paoing Fu.

AN ARMY OF 8,000 MEN

Promises to Be Beginning of a War That Will Lead to Division.

PLANS OF THE EXPEDITION

Pao-Ting-Fu, April 22.—General Bailloud and his staff left with the last of the French troops for the south this morning. The joint expedition is under the command of General von Lessel. He, together with General von Kettlerer, started at two o'clock this afternoon. Many of the Germans lack rail communication and will be obliged to march the entire distance south to Ting Chow.

The French column consists of six battalions, while the German column is made up of the Second brigade, one squadron of cavalry, two battalions of artillery, and one of mountain battery. These columns will go to Ting Chow and thence west to Ping Shan. The objective of the troops is apparently the Kukuan pass. No attack is expected before April 22. The expedition when all the troops are concentrated will comprise 8,000 men.

This is the largest and most important expedition that has been dispatched to Pao-Ting-Fu since last October. The other contingents were not invited to take part in the expedition, as this region is administered by the French and Germans.

If the Chinese retire over the Shan-shi boundary, then, according to international agreement, the foreign troops should not go beyond it. The ministers of the powers in Peking earnestly hope that this will prove to be the case. They point out that the Chinese force has not been aggressive and only came a few miles over the border, arguing that it might just as well have been allowed to remain where it was.

Three men left yesterday under escort to convey Emperor Kwang-Hsu's first order to General Liu to retire immediately into the province of Shansi. Prince Ching and the other Chinese officials say that the Chinese general has already retired; but their confirmations or denials are considered very unreliable.

PUSHING WORK ON CANNING FACTORY

Articles of Incorporation Filed—Have Sufficient Acreage to Make Plant a Success.

Articles incorporating P. Hohenadel, Jr., company were filed in the office of the Register of Deeds for Rock county on Saturday afternoon. The incorporators are P. Hohenadel, Jr., John A. Klindt, Otto F. Geiger and Otto Fahling, all of Cassville, and the capital stock is \$100,000.

The work on the plant will be rushed to completion as rapidly as possible. The plans for the building have arrived and have been accepted. Bids for erecting the building will be asked for and as soon as let no time will be lost in getting them completed. There will be quite a demand for houses in the vicinity of Spring Brook as soon as the factory is completed. There is already a chance to let about fifteen houses in the neighborhood to men that will be connected with the plant and who desire to be as near their work as possible.

The company now have sufficient acreage secured to make the plant a success and for fear that they might fall short have rented quite a number of acres themselves on which will be raised cabbage, sweet corn and cucumbers.

FARM HOUSE FIRE IN MAGNOLIA TOWN

Residence of Thos. Flynn, North of Orfordville, Burned Sunday Morning—Loss \$1,200—Insurance \$900

On Sunday morning at nine o'clock, the farm house of Thomas Flynn about three miles north of Orfordville in the town of Magnolia, was burned to the ground.

The blaze started in the upper part of the house, it is supposed from a defective chimney and spread so rapidly that all efforts to save it were of no avail. The entire contents were destroyed. The loss is about \$1,200—insurance \$900.

Mr. Flynn has made a contract with John Ganzel to rebuild at once.

TO NAME THE POPULAR TEACHER; SEE STUART ROBSON FREE OF COST

Box at the Myers Grand Opera House for "She Stoops to Conquer"—The Gazette Purchases a Box for Six.

The Gazette has purchased a box at the Myers Grand Opera house for the production of "She Stoops to Conquer" by Stuart Robson which will occur on Friday evening, May 3. This box will be presented to the most popular lady teacher in the public schools of Janesville the decision to be made by votes, and the voting to be carried on through coupons which will appear in The Gazette each day commencing with this issue and continuing through Thursday evening, May 2nd.

The name of the teacher you desire to vote for is to be inserted on the line indicated in the coupon, and the name of the school in which they teach in the place so designated. The coupon to be forwarded to The Dramatic Editor of The Gazette.

There is no limit placed on the number of votes to be cast by any individual, but each vote must be on one of the coupons clipped from the Gazette.

The contest will close at 12 o'clock noon on Thursday, May 2 and all votes must be handed in by that time. Three business men whose names will appear later will act as the judges in the contest. This theatre box

possible means of reformation, an ultimatum that papa has accepted somewhat reluctantly. The comic complications which arise at a supper given upon the wedding night in the unsophisticated bride's honor, are said to be involved and ingenious. It is in this scene that Miss Held introduces a realistic drinking song. The cast is very strong in names: Charles A. Bigelow, a comedian who has found great favor through a peculiarly comic personality and delightfully droll method, is said to have made the greatest hit of his career as a meek little convent music teacher with two blots on his past—one the composition of a burlesque, and the other a love affair with an actress.

Manager Myers of the Grand Opera House deserves the thanks of the theatre goers of this city for his wisdom in booking the celebrated comedian, Stuart Robson, to appear in the immortal comedy, "She Stoops to Conquer," on Friday, May 3. Mr. Robson has unquestionably scored the greatest hit in his successful career as Tony Lumpkin, the leading comedy role in Goldsmith's play. His

I vote for

Teacher

School

as the popular person who is to receive the box for Stuart Robson's production of "She Stoops to Conquer" at the Myers Opera House, Friday, May 3.

contains six seats and the popular teacher as shown by your vote, can invite whom she pleases to witness Mr. Robson's performance. Oliver Goldsmith, the noted poet, is the author of "She Stoops to Conquer," and Mr. Robson is one of the foremost actors on the stage today; his coming to Janesville will be a rare treat. His great reputation was won to an extent during the years he was associated with Wm. H. Crane in the "Henrietta."

Coupons on this voting contest should be sent in as fast as they are filled out. Look for them each day.

Miss Anna Held comes to the Myers Grand, Friday April 26, to give a farewell performance in "Papa's Wife." Miss Held's reappearance here in this musical comedy by Messrs Smith and DeKoven will no doubt be a notable event and theatre goers who have not witnessed Miss Held's performance in the title role should avail themselves of this opportunity. Miss Held appears as demure little maid, bred in a convent and going straight from its seclusion to be wedded to an old scapegrace of a baron. This rakish old roysterer with a weakness for chorus girls, to whom he is known as papa, is a source of great anxiety to his son. The latter a young composer, most austere and circumspect, has determined upon the father's marriage as the only

business during the past season has invariably been large, but this year with "She Stoops to Conquer" as a starring vehicle, the size of his audiences in every city he has visited has been greater than ever before. On account of his great reputation and the success he has been achieving in Goldsmith's comedy, it is an assured fact that one of the largest audiences of the season will welcome him on his appearance in this city.

The Standard Stock company will make its appearance at the Myers Grand this evening. The Bellefontaine, O. Index says of this company.

"The Standard Stock company made its initial appearance at the Grand opera house Thursday evening and was greeted with a packed house, the 'S' R. O.' sign being hung out early. The bill, 'A Young Hero,' proved one of the best comedy melodramas ever put on here, the members of the cast throughout depicting their parts in a manner which did not show that amateur style, which marks the acting of many members of popular price the company's own orchestra was a delightful innovation, while the specialties were as good as the general run here."

"The company will show here for three nights. The opening bill tonight will be 'McNulty's visit.'"

Dog Poisoners Abroad.

Rev. Paul F. Worth, pastor of St. John's German Lutheran church, and John Sligham, have a common cause for indignation in the death by poisoning of their highly prized dogs. Of all the inhumanities of which man is capable, the poisoning of a noble specimen of the brute creation is the most ignoble and cowardly. His deed is done under the cover of darkness, and it is left to those who are attached to his victim to witness the cruel torture which precedes death. One who has watched a valued friend, even though he be but a dog, suffer the cruel spasm which is the sure result of poisoning, is inclined to hope in the name of justice that some time the agony of a poisoned dog will turn upon its murderer and the assassin will go down into the pit with the brand of poison on his brow, far less respected than any of the canine kind.

Imitators have been many. Thoughtful people have learned that true merit comes only with the genuine Rocky Mountain Tea made by Madison Medicine Co. 35c. Smith's pharmacy; kodak agents, next to postoffice.

Chair for Dr. Ashley.

Albion, Mich., April 22.—Dr. John P. Ashley, who recently resigned the presidency of Albion College on account of ill health, has been elected to the chair of philosophy in Nashville University in Tennessee.

Woman Takes Arsenic.

Nevada, Mo., April 22.—Mrs. John D. Clayton, aged 42 years, committed suicide here last night by swallowing arsenic. No cause is known except ill health and despondency.

Man Goes Wife Destitute.

New York, April 22.—The police have been asked to find E. B. Wilson, of Rock Valley, Ia., who has disappeared and is supposed to be in New York. His wife is destitute.

STOMACHS THAT WON'T WORK.

That Retain the Food and Refuse to Digest it, Make the Head Heavy and the Nerves Weak, Need Stuart's Dyspepsia Tablets.

There is a cure for dyspepsia. Sufferers who have tried noxious nostrums will probably be skeptical but skepticism vanishes when Stuart's Dyspepsia Tablets are tried. Whether the trouble is dyspepsia of long standing or merely a simple case of indigestion, relief is prompt and pronounced. The less the trouble the fewer the tablets need be taken.

Heaviness after eating, sour stomach, as indicated by belching, fatigue with slight exertion, or with no exertion at all, disturbed sleep, nervousness, constipation depression, "blues" these things can commonly be set down as symptoms of dyspepsia. And dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion, Stuart's Dyspepsia Tablets produce strong nerves, restful, refreshing sleep, pure blood and good sound healthy flesh. They make the skin clear the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine and more than a medicine. They digest the food and make it easy of assimilation, and they relieve the inflamed, diseased condition of the membranous linings and the glands of the stomach and bowels. They help the digestive organs over the hard places, and put them into healthy, active condition. They effect a quick and permanent cure. You don't have to continue taking them for ever, still it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much, or unwholesome food, but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and act upon the other kind in such a way as to make it pass off quickly and harmlessly. You may eat and drink what you like, when you like, and as much as you like if you take a tablet afterwards.

Stuart's Dyspepsia Tablets are sold by all the druggists at 50 cents for full size package.

Send F. A. Stuart Co., Marshall, Mich., for little book on stomach diseases, mailed free.

Temperance Rally at Clinton.

The temperance rally held by the Y. M. C. A. of Clinton yesterday afternoon was largely attended and so much interest was manifested in the addresses made by the representatives of the Francis Murphy league of this city, that they were invited to visit Clinton again in the near future and organize a similar society there.

The Janesville delegation made the trip overland and thoroughly enjoyed the meeting. H. A. Molenpah, secretary of the Clinton Y. M. C. A., presided and the addresses of the afternoon were made by J. H. Jones, Al. Smith, Fred Holden, and J. C. Kline all of whom were brief and to the point. The Y. M. C. A. male quartet furnished excellent music. At the close of the meeting the Janesville delegation was taken to a restaurant and entertained at luncheon.

Oregon, Washington and Idaho

is the title of a new booklet descriptive of these states, a copy of which, with a new map of the Columbia River region, will be mailed free on receipt of six cents in postage by W. B. Kniskern, 22 Fifth ave., Chicago, Ill.

Two Approaching Events.

Two approaching events are attracting the attention of the Janesville high school students. The first is the district declamatory contest to be held at Whitewater on Friday evening next when a large delegation of students will accompany Miss Euretta Kimball and Miss Lucy Bigelow who will be among the contestants. A district representative to the state contest will be chosen.

The second event is the Appleton-Janesville debate to be held in this city next Friday evening, May 3. Those who have been chosen to represent the local school are Walter Smith, Frank Holt and Harry Kirkland. A debate is, also being arranged with Beloit academy for Friday evening, May 17. It will doubtless be held in this city.

For Over Fifty Years.

Mrs. Winstow's Soothing Syrup has been used for children while teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

BELOIT TEAM HAS LOST BILLY ALLEN

The Crack Third Baseman Has Left School on Account of the Death of His Father.

Local base ball enthusiasts will be sorry to hear that the Beloit college baseball team which begun the season with the prospects of having the best aggregation in the west, has met with an almost irreparable loss in the fact that "Billy" Allen, the crack third baseman, has left school. Allen was one of the standbys of the team and was, last year, its surest hitter, and it was his good work which was largely responsible for the team's last and third great victory over the Wisconsin varsity nine at Madison, June 2. Allen has played with the Beloit team two years covering second in '99 and last year being shifted to the difficult third bag position. He was one of the hardest workers, and most loyal of Beloit athletes.

Allen was also a member of the crack foot ball eleven of the "little Badger" college, playing both quarter and half back, and he was one of the star performers in the games against the university the past two seasons. On account of the death of his father, Samuel H. Allen, which occurred in Beloit Monday, "Billy" has left college and has secured employment with the Beloit gas company.

Allen is a strong favorite in this city where he is known not alone by his connection with Beloit college teams. For an entire summer season he was a member of the Y. M. C. A. base ball team and he made many friends. He is a splendid athlete and a thorough gentleman and the regret that he has been obliged to leave college will not be confined to Beloit.

TOBACCO MARKET HAS IMPROVED

The market is improving slightly. Demand for all types of leaf was quite active during the week and there was no haggling about prices either, but the demand did not extend to large lots. Evidently manufacturers are limiting themselves for the time being to buy just from hand to mouth and to trust to the future to help them out when they will be in a tight pinch for stock. The aggregate volume of domestic leaf that moved off during the week was about 1200 boxes, comprising nearly every type.—U. S. Tobacco Reporter.

Lecture by Dr. Anna Gloss.

The lecture by Dr. Anna Gloss on her experiences during the recent siege of Pekin, at Court Street M. E. church under the auspices of the Methodist missionary societies, tomorrow evening should be both interesting and valuable to those who desire to keep informed on the current events as well as to those who look at these matters from a missionary standpoint alone. Dr. Gloss is well qualified to speak on her subject. She was educated in Northwestern university Evanston, Ill., and at the University of Michigan, finishing her work of preparation for the missionary field at a medical college in Chicago. She was sent to China by the Northwestern branch in 1885 to take charge of the hospital in Tien Tsin. After six years of valuable service she returned for a year's furlough, sailing again for China in 1893, to begin a medical work for women in Pekin.

The Court Street M. E. church choir will furnish music for the lecture which will begin at 7:45 o'clock. No admission fee will be charged.

Fine Testimony
to a thing
of Merit...

Mr. H. F. Nott, agent for the Hardman Piano, has received the following testimonial from one competent to know what a good piano is. It is with much satisfaction that Mr. Nott gives the public this testimonial:
Dear Sir:—In 1874 my parents purchased a Concert Square Hardman Piano. This instrument is still in my possession, having been in constant use for own practice and in teaching during the past 20 years. It has never required repairs and although in the early years we kept it frequently tuned it is now five years since it has been tuned and is in good condition, with clear, soft musical tone and good touch. I have known several Hardmans and have yet to see one which failed in quality or durability. Witness the Hardman every success, I remain its friend,
JESSE K. HENDRICKSON,
219 Washington St., Janesville,

DON'T GRUMBLE.

The action of the council at its last meeting, on a library and city hall site, will meet with more or less unjust criticism.

It is very easy for people on the outside to find fault with the action of the public servants, elected to assume just this sort of responsibility, and it amounts to the cheapest kind of fault finding.

Everybody knows that a library site was imperatively demanded and everybody admits that the location selected is a good one. When the building is completed no one will stop to question the little money that might have been saved on location.

The city hall has long been recognized as a necessity, and when that is completed it will be an ornament to the city and everybody will be satisfied.

It is easy to grumble and find fault, but it is the poorest investment that man ever made, and Janesville has been cursed by this sort of nonsense more than any other one thing.

The city is in a prosperous condition and the outlook was never more favorable. It is high time that we got together as citizens and devote the kicking over to Beloit or any other town that can use it to advantage.

Janesville is not only the best inland city in the state, but her people are as good as can be found anywhere outside of the city of Zion—down earWaukegan.

Before snow flies we will have a government building, a library, a city hall, a new depot, and a world of internal improvements, that will transform the city beyond recognition.

If you feel that you must kick, go out in the country and kick it out and then come back and go to work.

The council is all right and is to be congratulated in settling a vexed question so promptly and with so little friction. It will take the members a little time to get acclimated in the new building, and they may be obliged to go out and sit in the horse barn occasionally to get recuperated, but the city will give them a day off now and then if necessary.

The car of progress is here and it is time for everybody to stop grumbling and get aboard.

GOOD ROADS.

The bill now before the legislature, authorizing counties to appropriate money for good roads, should not only pass, but the appropriations should be very liberal. If there is any one thing in which the country districts, and the cities of the state are mutually interested in it is good roads.

They are of great benefit to the farmers because they enable them to handle their produce comfortably and to the city because they put the farming community in closer touch with the markets.

The average farmer is a poor road builder. Turn him loose with a plow and scraper and he possesses great ability as a road destroyer. He works hard enough, but his efforts lack the direction of a practical road maker.

This is no reflection on his ability as a farmer. The average hiveryman, who drives the road all the time would be a poor road builder. Road making is an art, the same as any other calling, and country roads suffer because the work expended on them is not intelligently directed.

Every country district should have a road commissioner who thoroughly understands his business, and all the work done should be under his supervision.

The same principal that applies to country roads, applies to city streets. Janesville has wasted thousands of dollars on street building, because of incompetent management and misdirected energy. Street commissioners are elected, not because of their fitness for the work and material is furnished without reference to its quality, and as a result many of the streets are a burlesque to the city.

Janesville would have been money ahead if she had never seen a stone crusher. The money that the machine cost, and that it requires to support it, invested in crushed Devil's Lake stone that is easy of access, would have built more miles of substantial streets in ten years, than will be accomplished by the present system. There would have been something left besides a foundation after every rain.

The country roads need more work under practical supervision, and the city streets, like the city schools, more horse sense and less politics.

The approaches to Janesville should be a boulevard, and the city itself a continuous park. All this may be accomplished in ten years, if properly and intelligently handled.

The new county road law should pass. It is a good move, in the right direction.

NEEDED REFORM.

Governor LaFollette is to be congratulated on his effort to save the state some money by weeding out the capital force.

It has long been apparent to the most casual observer, that the state was giving employment to a lot of time servers, and the tax payers of the state will endorse the governor's attitude on the question.

There is no reason why the state should be made a pension office. That is what the land department has amounted to for a number of years and many of the offices are burdened with a lot of employees of the ornamental class.

The business of the state should be conducted on business principles and any effort to improve it on the part of the chief executive will meet with hearty public approval.

Senator McLaurin's stand in South Carolina indicates the possibility of a breaking away from Bryanism by the southern democracy, and its return to the sounder political view three years hence.

The plan of the state university for summer trade schools is an admirable one and might well be followed by other technical schools and universities.

Aguinaldo has had to give up his habit of dying periodically.

A municipality is about the only thing in America that hasn't got an independent initiative of its own.

Aguinaldo is endeavoring to get his comrades, Hoar and Atkinson to him.

Yellow Jack is waiting anxiously for the Americans to leave Cuba.

DEATH OF LOUIS ROSSOW.

Has Lived in This City for Over a Quarter of a Century.

At the advanced age of eighty-nine years, Louis Rossow closed his eyes forever upon the scenes of earth. His death occurred at his home, corner of Glen and Williams streets, Sunday morning at 2:30 o'clock. Deceased was born in Germany and came to this country in 1856. For over a quarter of a century he has made this city his home and his integrity of character won for him the high respect of his friends. He leaves a wife, one son, William A. Rossow of Beloit, and three daughters, Mrs. Wilhelmina Gentle, Mrs. Henrietta Radtke and Mrs. Tracy Ullas, all of this city.

Funeral services will be held tomorrow afternoon. There will be prayer at his house at two o'clock to be followed by services at St. Paul's German Lutheran church at 2:30 o'clock. Friends who desire to view the remains are requested to do so before the hour of the funeral.

Mrs. James Brierty.

Sunday morning at 2:30 o'clock death came to Mrs. James Brierty of the town of Janesville. She was 61 years of age and the illness which caused her death was of long duration. Besides a husband she leaves to mourn her loss four daughters, Mrs. James Murphy of Footville, Miss Eliza Brierty and Miss Katie Brierty of the town of Janesville, Sister Donta of St. Joseph's orphan asylum of Utica, N. Y.; also two sons, M. J. Brierty of Chicago and Charles Brierty of the town of Janesville. Funeral services will be held from St. Mary's church on Tuesday morning at 9:30 o'clock. The interment will be in Mount Olivet cemetery.

Pearl Butler, the two year old daughter of Mr. and Mrs. William Butler of Hanover died at their home Saturday morning of pneumonia. The funeral was held on Sunday afternoon at two o'clock from the home. The Rev. Summers of Hanover officiated and the interment was in Plymouth cemetery.

Muncie Women as Gamblers.

Muncie, Ind., April 22.—A crusade against society gambling will soon be brought about by a number of church women in this city. The fight is to be inaugurated as a result of the numerous clubs among the social set, at whose meetings many prizes are given for the best records in card games, etc. There are more than thirty women's clubs in Muncie, and all meet regularly. Sometimes valuable prizes are awarded the best players. The church women claim that matters are growing worse and soon the women, if allowed to continue, will be as bad as the men so far as gambling is concerned.

Gov. Ross Is Inaugurated.

Victoria, B. C., April 22.—Alaska arrives say Governor Ross was formally inaugurated at Dawson on the 12th and Governor Ogilvie stepped down and out. It is believed that the new chief executive will pursue a liberal policy, and business men of this city are much pleased with the prospects for the season under the new regime. The Yukon River opened on April 9 for fifteen miles below Lake Lebarge. The Dawson Board of Trade has decided to urge the discontinuance of gold dust as legal tender.

STRIKE DECLARED AT ST. MARY'S CHURCH

Janesville is truly becoming metropolitan. This morning a strike was declared on at St. Mary's church among the masons. Of the three trowel experts at work two are union men, and they finally decided that it was beneath their dignity to work by the side of a "scab." So the strike was declared, and Father Goebel was notified. He informed the strikers that they might go back to work if they wished, but they could not dictate to him whom he should employ; the non-union man was not to be "fired."

The Survivor's Thoughts.

He was the sole survivor of the wreck of the Mary Ann on Lake Erie, and when asked what his thoughts were as he found the steamer sinking under his feet he replied:

"I thought of the future, of course."

"You mean that your thoughts turned toward eternity?"

"No, sir, I don't. I mean that my thoughts turned toward home, and I tried to figure out how I could swim 14 miles, walk 10 more and get home in time to feed the hogs."

In Prospect.

Mr. Billus—Johnny, is there any hot water in the house? I've managed to upset a jar of fruit on the tablecloth.

Johnny Billus—No, but there'll be plenty of it when mamma comes back from down town.—Chicago Tribune.

DRY GOODS, CLOAKS, MILLINERY

BELOIT WILL GRANT FRANCHISE TONIGHT

MR. CLOUGH HAS AGREED WITH MEMBERS OF THE COUNCIL.

It Has Been Shown to the Citizens of Beloit That No Urban Road Could Be Made to Pay—The Janesville Proposition Was No Bluff by Any Means.

The indications now are that the Beloit, Delavan Lake and Janesville electric road will be granted a franchise at Beloit tonight that is perfectly satisfactory to the city and to Mr. Clough.

Beloit has finally come to the conclusion that in fighting the railway company they were doing more injury to themselves than to the company. The possibilities in the way of improvements that would be helped out by the interurban line more than offset any demands that have been made for an urban system. It has been shown to the satisfaction of the citizens of Beloit, that no urban road in this part of the country in cities the size of Beloit and Janesville is a success.

Janesville has been anxious to have the road come in here ever since it was first talked of, and every effort has been put forth by the citizens to get the line into the city as soon as possible.

When it appeared that the plan was likely to fall through on account of the opposition at Beloit, Janesville capitalists came forward and made Mr. Clough a proposition that he could not very well overlook if Beloit backed out. Many people claimed that the offer was a bluff to force Beloit to come to terms, but such was not the case. The offer was made in good faith and would have been fulfilled if what was asked by Janesville had been given them. Whether it was a bluff or not it has borne good results as the following special from Beloit received today shows:

"H. H. Clough of Ellyria, O., representing the Beloit, Delavan Lake and Janesville electric railway, arrived in the city Saturday in response to a telegram sent him by the council. A special meeting of the judiciary committee was called for Saturday night and a conference with Mr. Clough in regard to the routes for the proposed railway was held. Two routes were submitted to Mr. Clough by the committee, either of which will be accepted by him. The first route crosses the river by the central bridge to Fourth street and upon Fourth street to the river, which is again crossed by a private bridge to be built by the company. The other route does not cross the river and runs up Pleasant street. All questions in regard to an urban franchise are eliminated from the propositions and the road will be strictly an interurban line.

"The route most favored by the council is the central bridge route which gives both sides of the river service for a part of the distance through the town. It is very probable that a franchise will be granted to Clough at the council meeting this evening."

There is no question but what the road will be a benefit to Beloit and they will never regret having granted a franchise to the company. If they had granted it when it was first asked for the work of building the line would now be under way.

Gen. Goldin on the Way Home.

Inspector General Goldin of the Wisconsin Knights Templar, who was at the Kirby last night enroute to Janesville from Marinette, said he had about completed his work, having only two more lodges near Janesville to visit this spring. Mr. Goldin says that while there is a good deal of talk among the Sir Knights throughout the state about the Louisville convention, it is impossible to say at this time with any degree of accuracy how many will attend from Wisconsin. He believes, however, that Wisconsin will be well represented notwithstanding the fact that the date is August and the place of meeting a city far beyond the reach of a lake breeze.—Sunday Sentinel.

LARGE SALES GRAPE JUICE

Sweet and delicious. Not a drop of alcohol, not a drop of water. Special price for Tuesday 50c qts. 40 cts. 25c pts. 20 cts. 15c half pts. 10 cts. Sample free. Grubb.

Mrs. M. V. Lester's Funeral. The funeral of Miss Minnie Y. Lester was held from the home of Mrs. O. H. Church, 108 Race street at 2:30 o'clock this afternoon. Mrs. Lester died in Chicago from the effects of an attack of pneumonia. She was forty-eight years of age and leaves two sisters in this city, Mrs. O. H. Church and Mrs. May Churchill, to mourn her loss.

The State Bank of Orfordville, Wis., is responsible and asks a careful scrutiny as to its promoters. Is recommended by four governors and many banks. Pays four per cent. on six months and 5 per cent. on 12 months time deposits.

Regular meeting of Florence camp M. W. of A. tonight at West Side Odd Fellows' hall at 7:30. A full attendance is desired as matter of interest will come before the camp.

The advance sale of seats for Anna Held opened at the Myers Grand box office this morning. Manager Myers said it was the largest advance sale ever held for any attraction at this house.

The regular meeting of the Musical literary society which was to have been held this evening, has been postponed until next Monday, April 23.

The Y. P. S. of Trinity church will hold a business and social gathering at the home of the Misses Dopp, 157 Terrace street, on Tuesday evening, April 23.

Members of the missionary societies of all the churches are especially urged to hear Dr. Anna Gloss lecture at the Court street M. E. church tomorrow night.

Increasing business at the local store of Amos Rehberg & Co., has resulted in Henry Litzkow being added to the force in the clothing department.

We are showing a desirable line of Eton jackets made by the Isabel Manufacturing company as well as those made by the famous Belfield company. Bort, Bailey & Co.

To save you money on pianos. That's our object. We do not pay high salaries to traveling agents. Step in and allow us to explain our easy payment plan. Janesville Music Co.

Pianos that we handle do not pass through the hands of agents before reaching us. We deal direct with the manufacturers, and in thus doing can save you money. Janesville Music Co.

Forty thousand dollars will be expended by the Janesville Cotton mills on new machinery for the lower mill. With this machinery in place the mill will be equal to any in the country.

We are the representatives of ten manufacturing firms of the most reliable makes and houses of national reputation. We are not here today and away tomorrow. Janesville Music Co.

The jury in the case of John Mosher and Patrick Sheehan of Chicago, charged with robbery, disagreed after eighteen hours deliberation. The trial lasted eight days and was stubbornly contested.

Extensive preparations have been made by Division No. 185 Brotherhood of Locomotive Engineers for their dancing party to be held Wednesday, May 1, at Assembly hall. Prof. Smith's orchestra.

Word has been received in this city announcing the death of Mrs. H. N. Black at her home in Kentucky. Mrs. Black was the mother of Mrs. George N. Randall and had a number of acquaintances in this city.

The regular sale of seats for Anna Held will open at the Myers Grand box office tomorrow morning and the \$1 seats will be offered. There are still plenty of desirable seats left even though the advance subscription sale is the largest that has ever taken place in the city.

The closing party of the series given by the Rusk Lyceum at East Side Odd Fellows' hall on Saturday evening, was well attended and pronounced the best of the season. A number from out of the city were in attendance and all enjoyed themselves to the fullest extent dancing to the sweet strains of Smith's orchestra.

THREE PEOPLE ARE SERIOUSLY HURT

TWO BAD BICYCLE ACCIDENTS SATURDAY AFTERNOON.

The Fiend with His Head Down, on a Wheel, Drives Into a Rig Containing Two Ladies, Both of Whom Are Injured—Horses Run Away and Causes More Grief.

Bicycles were primarily responsible for two bad accidents that occurred Saturday afternoon and resulted in three people being seriously injured.

Mrs. Henry Tall and Mrs. William Scofield were outdriving and were going down Main street about 5:30 o'clock and when in the vicinity of Rentschler's green house were run into by a bicycle rider who came rushing along on the wrong side of the street with his head down and never saw them until he crashed into the rig frightening the horse into a run.

The ladies were unable to hold him and when near M. G. Jeffris residence he crashed into the curb, spilling Mrs. Tall and injuring her badly. After going a short distance further the buggy collided with an electric pole freeing the horse from the buggy and throwing Mrs. Scofield out but not hurting her seriously.

Mrs. Tall was covered with blood when she was picked up. She was carried into M. G. Jeffris residence and Dr. Buckmaster, who saw them thrown out went to her assistance. He fixed her up so she could be taken to her home where Dr. W. H. Judd the family physician attended her.

He found her nose broken and cut through in the fleshy part and her chin badly cut and bruised. She also suffered some internal injuries which will lay her up for some time. Dr. Judd stated this morning that Mrs. Tall was doing nicely and that there was no reason why she should not come out all right.

The horse after getting loose from the buggy ran down Main street for a short distance and then turned round and came back up the street towards the city on a keen jump, the shafts flying and the lines trailing behind him. When he reached Ziegler's corner he attempted to turn up Milwaukee street and swung onto the sidewalk. Miss Holloway, who was about to cross the street had a narrow escape from serious injury as the shafts grazed her as the horse went onto the sidewalk.

The horse continued on up Milwaukee street, keeping to the sidewalk and causing a scattering among the pedestrians. At Bluff street he turned north still keeping on the walk, he turned into the alley way by Alva Russell's barn and rushed down the alley to the rear of The Gazette office, here he turned north again and following the narrow alley between the stores and buildings in the rear came out on North First street where he was caught and taken to Russell's barn. Strange to say the horse was not injured by his long run.

A little girl named McBride was badly injured while riding her wheel about the time the runaway took place. She came down Court Street hill and after crossing Main street attempted to turn down Park street. She lost control of her wheel and ran into a horse which was tied to a post near the corner. She fell under the horse which was badly frightened and before she could be rescued was terribly bruised and cut by the horse. She was taken to Dr. Woods' office where her wounds were dressed. Her nose was broken and crushed and was cut open the entire length. She also has a bad cut under the chin.

NEWS OF A PERSONAL NATURE

Miss Kate Eber is visiting friends in Baraboo.

Alma Woodstock of Madison, spent the day in this city.

Mr. Fitch of Alden, Ia., is the guest of his son, E. K. Fitch.

J. Glenn De Loug of Chicago, spent Sunday with Janesville friends.

A. H. Davidson and wife of Elkhorn spent Sunday in this city.

Alfred Hoffmaster of Chicago was a Janesville visitor yesterday.

Frank L. Smith of Chicago, spent Sunday with his family in this city.

Mr. and Mrs. George E. King and daughter spent Sunday at Monroe.

Mr. and Mrs. Lester Wilson of Footville spent Sunday with friends in this city.

R. W. Snow of Oakland, Cal., was the guest of Senator J. M. Whitehead over Sunday.

Mrs. David Moore of Beloit, spent Sunday in this city, the guest of Mr. and Mrs. Charles Eber.

A. E. Bingham and wife spent Sunday in Edgerton as the guests of Mr. and Mrs. H. S. Sloan.

Mr. and Mrs. N. B. Campbell leave for Los Angeles, Cal., tomorrow morning. They will be absent a year.

Mrs. F. W. Christman, who has been visiting in this city and Chicago for the past six weeks, returned to her home in Oshkosh Saturday.

Mrs. S. Shawvan has accompanied Mrs. Henry Shawvan and son, who have been visiting here, to Chicago and will stay for a week's visit.

Robert B. Knouse of Madison, delighted the congregations at Court Street M. E. church yesterday, both morning and evening, with his barytone solos.

Dr. and Mrs. J. F. Pember and Mrs. J. F. Sweeney leave tomorrow morning for Chicago to enjoy the week of grand opera. Mr. Sweeney will go later in the week and the party will return home on Sunday.

Sealed proposals will be received at the drug store of W. T. Sherer until Friday, April 26th, at 7 o'clock p. m. for the building of a waiting room and tool house on the Oak Hill cemetery grounds. Plans and specifications may be seen at the same place. Building to be completed on or before June 15, 1901. The committee reserve the right to reject any or all bids.

W. F. CARLE, Chairman Committee.

APRIL TERM OF THE CIRCUIT COURT

The April term of the circuit court opened this morning at the court house. Judge Dunwiddie presided and disposed of the different cases noticed in the calendar. There were eighty-five civil cases and three criminal cases to be disposed of, of these forty-nine cases are for trial.

The jury were excused until nine o'clock tomorrow morning when the first case will be taken up. District Attorney Jackson will take up the criminal calendar on Monday next. The first case for trial will be the state of Wisconsin vs. William Byrne. The case of the state vs. William Jones was dismissed on motion of the district attorney.

BELEIVES HE WAS SWINDLED

Both the Parties Suspected Are Now in Jail.

Sidney Richards, a farmer on the Beloit road, complained to the police today that he had given two strangers a note for \$40, on a certificate from a Milwaukee hospital for a cure of a disease he is troubled with. He got suspicious after they left this morning, and came to town to investigate. The police are looking the matter up.

DON'T READ THIS.

BONE OF CONTENTION

KOREA AGAIN THE CENTER OF DISTURBANCE IN THE ORIENT.

People of the Hermit Kingdom Have All the Quercenesses of Both Chinese and Japanese—Some Korean Customs and Manners.

To be a bone of contention is not a pleasant state for a nation, and to continue so for many centuries is still less desirable. That, however, has been the role of Korea, and in view of the fact that the main trouble in the far east is the dispute of Japan and Russia over the peninsula its future cannot be said to be remarkably bright.

Viewed with American eyes, Korea and its people are very queer, even more so than China or Japan. During the past century the two countries named have been, more or less, opened to foreigners, but their neighbor remains in fact as well as in name a "hermit kingdom." That is the name given to it by foreigners. In the native vernacular Korea is Cho-sou, in Japanese Cho-sen and in Chinese Chao-sien, meaning "Morning Freshness." It is sometimes called "The Land of the Morning Calm." It is not, as many suppose, an insignificant province, but is more than 90,000 square miles in area and contains a population variously estimated at from 7,000,000 to 16,000,000.

The Koreans are probably of Mongol-Tartar origin and are taller and more robust than the Japanese, resembling somewhat the inhabitants of northern China. They are a simple minded, kindly, hospitable people, but have until very recently possessed an unconquerable aversion to foreigners and foreign manners. Latterly some progress has been made in introducing foreign improvements. In manners and customs, as in language, literature, social life, religion, etc., Chinese influences and examples prevail.

Korean men wear the topknot and the white, flowing garments that were in vogue in China before the Manchoo conquest in 1643. Although the Korean women of the higher classes do not bind their feet as do those in

CANDY VENDOR OF SEOUL.

some parts of China, they are kept in strict seclusion. The religion of Korea is Confucianism and ancestor worship, mingled, as with the Chinese, with superstitious practices. Buddhism was introduced into Korea many centuries ago and spread thence into Japan, and it is still found in that country. It has, however, little influence on the people.

Korea's history until the seventeenth century is a record of disputes between Japan and China. Since that time Korea has been at peace with her neighbors and until 1895 under the nominal suzerainty of China. In 1895, as a result of the Chino-Japanese war, Korea became independent, and shortly afterward the king assumed the title of emperor.

Although Korea is in itself a rich country, its resources have not been developed. The people are poor, desperately so in the majority of cases, and yet idle and fond of doing nothing. It is as in France before the revolution—the nobles are on top, and they use their advantage for their own good. There is a superfluity of officeholders, and also of taxes to be paid by the common people. The Koreans are inveterate gossip and plotters, and so conspiracies against the government are common, but they usually fizzle out without attaining any results.

Korean customs, like some of the Japanese and Chinese, are diametrically opposed to ours and seem very queer to American eyes. The people of the Hermit Kingdom seem to have adopted all the queer things from both the neighboring lands. We shake hands when we meet our friends, and the Koreans touch noses. Korean gentlemen think it the height of courtesy to retain their hats when in the presence of ladies, and when they wish to honor especially a guest they add another story to their hats. These hats, by the way, look somewhat like our high silk hats cut off half way to the top.

Women in Korea, as in China, are looked down upon and do most of the hard work. Korean women of the lower classes look hideous and ungainly, while the men are frequently handsome and of distinguished appearance. Most Koreans imitate the Chinese rather than the Japanese in that they have an unconquerable aversion to bathing. By a strange contrast, however, and contrasts are common in Korea, they keep their clothing remarkably clean.

Fire at a Famous Resort.

Reno, Nev., April 22.—The hotel and bath houses at the historic Steamboat Springs, which in the palmy days of the Comstock mines was a watering place where more money was squandered in a night than at most any other resort on the coast, have been destroyed by fire. The loss is heavy, as it is understood no insurance was carried.

Steal a Family's Savings.

Kendallville, Ind., April 22.—The home of John Andigo, an Amish farmer, was entered last night by three men, who secured \$6,000 after burning the old man's ears, nose and fingers with lighted matches.

Bad Money is Plentiful.

La Porte, Ind., April 22.—An alarming quantity of counterfeit money is in circulation in northern Indiana and the report is current here that secret service officers will be detailed to ferret out the makers. Excellent imitations of \$5 gold pieces have been brought to light in Elkhart county, while in this city silver dollars and raised bills of the Windom issue of \$2 bills have been put in circulation, the issue of which is rapidly increasing.

Labor Boycotts Five Newspapers.

Chicago, April 22.—Organized labor represented in the Chicago Federation of Labor yesterday declared war on all Chicago daily newspapers controlled by the Newspaper Publishers' association, in sympathy with the striking members of the Pressmen's union. The resolution placing on the unfair list the Tribune, Record-Herald, Journal, Post, and Daily News was adopted with only the printers' delegation voting in the negative.

Searcher Killed by Dynamite.

Grand Rapids, Mich., April 22.—Louis Pickett was blown to death yesterday while seeking to find the body of his nephew. With dynamite Pickett was blasting in the Rouge river, twenty miles north of Grand Rapids. He hoped the concussion incident to the blasting would raise the body of his nephew, who was drowned March 26 in a flood. One blast of dynamite exploded prematurely and Pickett was torn into a thousand pieces.

Miss Gilman in Hospital.

New York, April 22.—Mabelle Gilman is still a patient sufferer at the Presbyterian Hospital. It is likely she will be compelled to remain there for weeks to come. Fears are entertained she will never sing again.

Ex-City Clerk Drops Dead.

Sterling, Ill., April 22.—J. F. Barrett, former city clerk, and for years a prominent politician of Whiteside county, dropped dead in Davenport, Ia., today.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. We regard it a great tonic and blood purifier."—J. F. DUFF, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

Going to Build

Whether you contemplate building at an early date or not, you should have a copy of "WALKER'S TWENTIETH CENTURY HOMES." It is the most complete book of Architectural Designs published.

Nearly 150 pages, printed on heavy enamel paper. It is not a theoretical book. Every design shown is from the actual working plans of buildings that have been erected under the direction of our supervising architect. Consequently it is practical in every respect.

It embraces subjects from an attractive cottage at a low hundred dollars, to a modern, up-to-date residence, costing many thousands of dollars.

The perspectives are full-page illustrations while the floor plans are half-page sketches.

The descriptions are complete and easily understood; in fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.

The regular price is \$2.00 but we would like to present you a copy free of charge.

If you could call at our office we would take pleasure in presenting you a copy free of charge. As this is not possible, we will send you a copy by express, charges prepaid upon receipt of only 25c, to cover cost of transportation.

DEATH IN BIG STORM'S WAKE

Water Climbing Higher Along the Ohio River.

CINCINNATI IS IN DANGER.

Other Cities Are Flooded—Snow and Rain Swell the River at Great Cost in Property—Many Are Homeless—Victims of the Storm.

Cincinnati, O., April 22.—This city is now in the center of the flood district with most serious conditions confronting the residents. The river is climbing rapidly toward the danger line. At many points along the river the danger line already has been passed and as a consequence large sections of many cities and immense tracts of farming land are deep under water. Word that the flood is receding at Pittsburgh brings but little hope, as the great quantity of water now on the way from there, added to the torrents emptied into the Ohio at intermediate points and the heavy falls of snow and rain all through the valley, make the situation no less desperate than it was twenty-four hours ago.

Snow and Rain to Swell Flood.
More snow and rain is the prediction of the weather bureau for this section for the next twelve hours, which means that vast volumes of water will go to swell the present unusual floods. The so-called "danger line" here is 50 feet, but in the flood of February, 1884, the river registered 71 feet. It is deemed probable that this extreme figure will be equaled during the present high water. Marietta, Portsmouth, Ironton, and other river cities in Ohio report serious conditions, the low parts of the cities being flooded, factories closed, and hundreds of residents living in the upper parts of their houses or seeking refuge in the higher sections of the city. Farther down the river where the most serious alarm exists, many Kentucky cities reporting serious conditions with fear that the greatest danger still is ahead.

Resident Shoot at Steamers.
Along the river at many points, where houses are surrounded by water and owners have taken refuge in the upper floors, what seems almost an organized effort to prevent the passage of steamboats is attempted. The residents have rifles and shotguns and fire at ever vessel they sight. The claim is that the swell from the steamers endangers the foundations and threatens to throw houses into the flood. More snow with cold winds is reported in Kentucky and West Virginia, and the results, because of the lateness of the snow, are certain to be serious. Usually the spring is well advanced long before this date. Reports of deaths continue to come in, but many of them cannot be confirmed, as numerous towns still are cut off from telegraphic communication with the outside world. Relief work has been begun, although as yet there is no organized attempt to care for the sufferers.

Fruit Trees Stripped of Limbs.
Among the serious financial losses entailed by the storm in addition to the washing out of grain and vegetables is the destruction of much of the fruit crop by the snow and ice. The heavy snow so weighted down the branches of a great portion of the trees that the limbs were torn off, leaving only the bare trunks. Many mines closed along the river were flooded, and it will take weeks to repair this part of the damage. In all towns invaded by the waters factories and mills were forced to close, while serious damage to stocks in stores and furniture in houses resulted.

Waters Fall at Pittsburgh.
Pittsburgh, Pa., April 22.—At noon the flood waters of the Allegheny and the Monongahela rivers reached their highest mark and began receding. They fell as rapidly as they had risen, and the swamped valley dwellers began to find their homes again. By noon the Allegheny had reached 27 feet, 4 inches, and the Monongahela 27 feet, 6 inches. By that time the flood had cost two lives, had inundated several thousand homes, had caused damage

FOR A CHILD
who is "not doing well"—the condition occurs now and then with all children.

Scott's emulsion of cod-liver oil is a food that begins to build you up at once—of course, it don't show at once.

"Not doing well" means that the child is not getting the good of his food. Not today, or this week; it may have been going on for a month; before it begins to show in the child's condition.

You want him to get back to turning his usual food into strength.

You want the food that begins to build, up at once.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

amounting to \$2,500,000; and forced 50,000 workmen into idleness. Suffering has been caused by inability to secure food. At the county poorhouse the inmates were put on half rations because of the inability of trains to get provisions to the institution. A boiler in the Hotel Anderson exploded causing the death of the assistant engineer, John Brown; his helper, Abner Moore, was injured. The explosion was caused by the clogging of pipes by the high water.

Washout Causes Fatal Wreck.
Charleston, W. Va., April 22.—A K. and M. freight train ran into a washout near here. The engine was overturned and Conductor Parker's head was cut off. The engineer and fireman were caught under the engine, but neither was seriously injured. The Kanawha river is 36 feet above low water and stationary. A large part of the city is under water. All railroad traffic is delayed and in some places suspended. Carter Slatington was drowned in Tug river and John Swanson drowned in Guyandotte while endeavoring to save property.

Three Drowned in Potomac.
Cumberland, Md., April 22.—In the Potomac flood at Green Springs Nicholas Jenkins, Emanuel Smith, and Robert Carter, railroad men, were all drowned. They were crossing the river from the Maryland side. The flood threw up the body today of Miss Mary Callan, a college girl drowned six weeks ago. Meager details of a cloudburst in South Branch Valley tell of great destruction along the Chesapeake and Ohio Canal from Cumberland to Washington. It will cost hundreds of thousands to repair it. Landslides are numerous.

Another List of Victims.
Marietta, O., April 21.—Following is the list of the dead so far reported here: William LaFavre, Marietta, O.; drowned in his houseboat on the Ohio river. Mrs. Mary Patterson, Allegheny, Pa.; died of excitement incident to the flood. Unknown man drowned in a cellar at Carnegie, Pa. Unknown woman; body found floating in Chartres' creek at Woodville, Pa.

CAPT. THOMAS SAMPSON DEAD

Noted Detective and Life-Saver Expires at Mount Vernon, N. Y.
New York, April 22.—"Honest Tom" Sampson, detective, army veteran and life saver, died last night at Mount Vernon, N. Y.

Capt. Sampson had sixteen medals for meritorious service, a number of them for saving life, one being awarded to him by congress. He aided in the arrest of Mrs. Surratt, Miss Fitzpatrick, Edward Payne and Dr. Samuel Cox, who were charged with being implicated in the plot to assassinate President Lincoln. Capt. Sampson was born in England in 1827 and came to this country at an early age. He joined the police force of New York in 1851. At the time of the famous \$64,000 forgery on the Union Trust company Capt. Sampson was detailed to run down the culprits and he succeeded in arresting Chadwick, Brown and Feltner for complicity in the affair. The Wells-Fargo Express company and the National Park bank also gave Capt. Sampson a magnificent gold medal of recognition of his services in bringing Louis M. Van Eaton to justice.

Wife Beater Was Beaten.

Toledo, O., April 22.—Indignant citizens of Gilboa, Ottawa county, took the punishment of a wife-beater into their own hands and wore out three buggy whips on Alex McCullough after giving him a pair of black eyes and plentifully bespattering him with bad eggs. McCullough is a farmer, living near Gilboa, and while intoxicated he administered a beating to his wife, who is a very delicate woman. On his next trip to the city he was taken in charge by a delegation of citizens, who took the farmer to the town hall, where he was tied up and soundly lashed.

Mrs. White Decries Saloons.

Battle Creek, Mich., April 22.—"Go after the saloons," ordered Mrs. White, the prophetess, at the world's conference of Seventh Day Adventists. Then she showed her disapproval of the Carrie Nation method and recommended a general crusade by the Adventists against intemperance. They have never developed this branch of work before. Mrs. White also denounced the local Adventists for spending their lives in Battle Creek. "Go out and prepare sinners for his coming," she urged, and a large crop of missionaries will be the result.

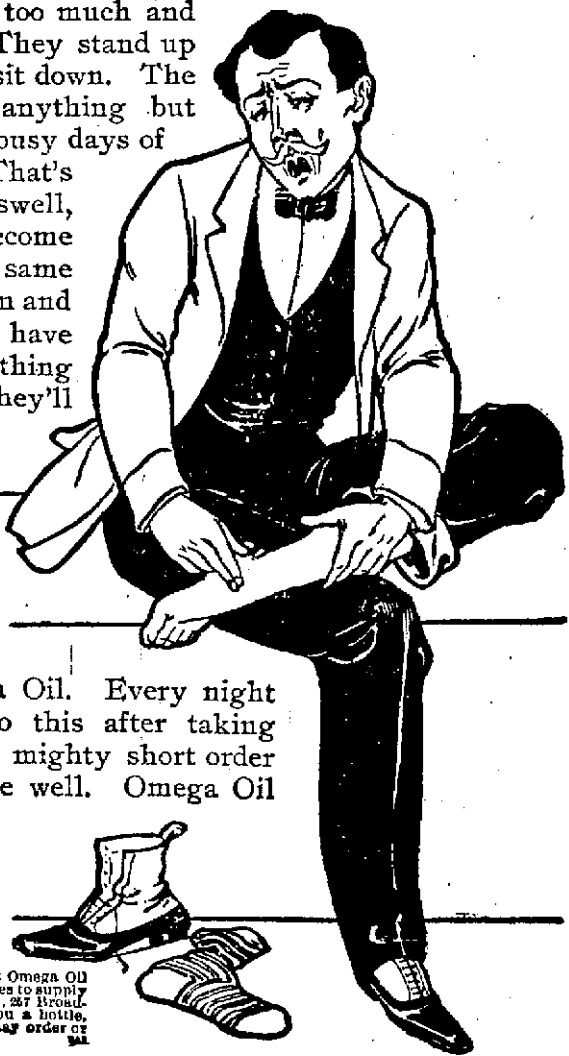

POND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

Controls Pain, Bleeding and Inflammation

Omega Oil

People walk too much and rest too little. They stand up more than they sit down. The feet don't get anything but abuse in these busy days of modern times. That's why they itch, swell, burn, ache and become tender. It's the same with the rich man and poor man. You have got to do something for your feet, or they'll keep right on hurting you. If you want a solid, healthy pair of feet to carry you around, rub them good and hard and often with Omega Oil. Every night and morning do this after taking a hot bath. In mighty short order your feet will be well. Omega Oil is good for everything a liniment ought to be good for.
